## Interstate 10 Construction Update

### Lane restrictions

[\(Listen to an audio report of upcoming work\)](#)

### ***Upcoming Restrictions***

As part of the Interstate 10 improvement projects, restrictions are scheduled on I-10.

The I-10 expansion project has been developed to provide additional lanes between Verrado Way and Loop 101. The freeway expansion includes adding new outside lanes and widening in to the median to improve east/west traffic flow for the West Valley.

This project is one of the first elements of the Regional Transportation Plan for Maricopa County and is funded through a voter-approved sales tax to improve and construct new roads throughout the Valley during the next 20 years. More information on the Regional Transportation Plan is available at [www.azdot.gov/ValleyFreeways](http://www.azdot.gov/ValleyFreeways).

Here's an overview of scheduled restrictions on Interstate 10:

### **Interstate 10 from Estrella Parkway to Bullard Avenue**

Monday, March 24 - Tuesday, March 25

9 p.m. - 4 a.m.

I-10 eastbound will be reduced to one lane due to right lane restrictions between Estrella Parkway and Bullard Avenue during overnight hours on Monday.

I-10 westbound will be reduced to one lane due to right lane restrictions between Estrella Parkway and Bullard Avenue during overnight hours on Monday.

### **Dysart Road On-Ramp Closed**

Thursday, March 27 - Friday, March 28

9 p.m. to 4 a.m.

The Dysart Road eastbound on-ramp will be closed during overnight hours on Thursday.

*With median barriers present at Dysart, lanes shifted to the auxiliary lanes may cause slowing and delays. Drivers should anticipate minor delays and allow extra time, or adjust travel route to avoid closures and restrictions. In the work zone, all motorists are advised to slow down and watch for changes in traffic control devices.*

While ADOT strives to inform the public about planned freeway restrictions, during any complex construction project there is a possibility that unscheduled closures or restrictions may occur. Please visit our [Web site](#) for the most current information about planned I-10 restrictions.

An audio podcast outlining this week's I-10 Traffic Alert can be downloaded from the ADOT [Web site](#).
